L. L. Waters, M.D.
Acting Director
Board of Scientific Advisers
The Jane Coffin Childs Memorial Fund
for Medical Research
333 Cedar Street
New Haven 11, Connecticut

Dear Doctor Waters:

This is in reply to your letter of November 2.

I have a very high opinion of Dr. Baron's recent work, and this is matched by my appreciation of his integrity and personality. He would be the first to insist he is not the world's most incisive analyst in science, but he has an enviable record of important and careful work. You would do well to support him.

Yours sincerely,
